Extend your SAP EWM with We slot.

In the yard, bustling activity is the norm. Every second counts, and efficiency is most wanted. Welcome to Westernacher's We slot, the slot booking and carrier portal by Westernacher for SAP Yard Logistics. Your gateway to modern logistics management where slot availability is no longer guesswork.

Book time slots, manage loading points and set slot durations easily. Consolidate shipments and reduce unnecessary movements to lower operational costs. Just simply collaborate with your carriers.

We slot helps you manage your capacity of available resources. With automated booking confirmations, there is no room for delays or doubt when it comes to maximizing space and resources. Our role-based collaboration portal for carriers is where partners come together.

Westernacher's online portal We slot has a user-friendly interface, built with the latest SAP technology and is easily extendable to meet your specific requirements. Let us empower your logistics, one slot at a time.

Transform your yard logistics operations with Westernacher.
